## ADI Driving Instructor Training

### PART 1 EXPLAINED

Part 1 is a home based learning course, but before you get started we will require you to sit an aptitude test, so we can assess your driving capabilities this is the first step, after which the work will begin. The Part 1 examination paper consists of 100 multiple choice questions, divided into 4 bands, an overall pass mark of 85% and a band pass mark of 80% must be achieved before you move on to Part 2.

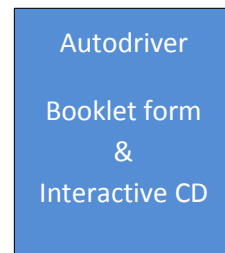

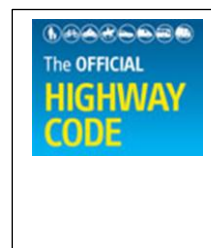

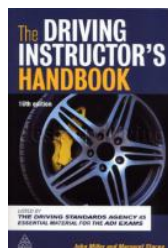

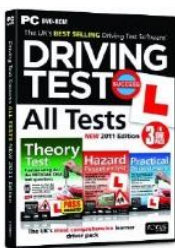

In other words, if you get an overall Pass Rate of more than 85% but less than 80% in any of the 4 bands you will fail.

Part 1 also includes the Hazard Perception Test.

The Hazard Perception Test is a series of video clips in which you must identify developing hazards.

You study for the Part 1 examination at home with Pass4fun guidance. We are always close to you. Having passed Part 1 you have two years to take and pass Parts 2 and 3.

What we provide for you:

Driving Test All Tests DVD, Driving Instructors Handbook 16th Edition Driving Theory Test Success 2011, The Official Highway Code, The rules and regulations relating to driving instruction (Autodriver) this is supplied in Booklet form and as a CD with full interaction. And all the backup you'll ever need, either by phone email or in person.

**Part 1 exam costs £90 (includes CRB check) payable by trainee (not included)**

## PART 2 EXPLAINED

Part 2 is a demanding driving test lasting about 1 hour, it covers all road and traffic conditions, and the "manoeuvres" mentioned below.

You must drive to an extremely high standard, only six minor faults are allowed during the drive.

You must pass the test before you can move to Part 3.

Make no mistake.....this is not the driving test you took years ago.

The Driving Standards Agency demands a high standard.

Our experienced Driving Instructors assess you on all types of roads, including Motorways; you must demonstrate each "manoeuvre" in a business-like manner.

Emergency stop. (not actually a manoeuvre)

Turn in the road.

Reverse to the left.

Reverse to the right.

Parallel parking.

Bay parking.

Part 2 training consists of up to 20 hours of driving.

If you fail part 2 or part 3 and have completed all your quota of training 20 hours for part 2 and 40 hours for part 3, extra tuition can be provided at a cost of just £50 per 2 hour session.

**Part 2 exam costs £111 payable by trainee (not included)**

**Hire of Driving School Vehicle for test £85.00 payable by trainee (not included)**

## PART 3 EXPLAINED

Part 3 teaches you the skills to instruct unskilled, semi-skilled and fully skilled pupils.

Fully skilled pupils still need training.

Part 3 test needs experienced training and we provide that with highly qualified trainers.

You must be fully trained and prepared.

The Part 3 lasts for about an hour.

Your Examiner will role-play either an untrained or partially trained pupil before switching at the halfway point to role-play a fully trained pupil for the remainder of the test.

This is the most difficult test and carries the highest failure rate.

You must be properly trained.

Training for Part 3 will usually be twenty sessions of two hours.

Part 3 training must be completed and signed off before the Driving Standards Agency will accept your application for a Trainee Licence.

You may share the experience of the Part 3 course with other trainee driving instructors.

Knowledge gained in Parts 1 and 2 is invaluable during Part 3 training. At this stage some PDI's prefer to gain additional training and experience with a "trainee" licence or you can bypass the "trainee" licence option and apply for your Part 3 test immediately.

### Training fee
